

# International Conference on Aerospace System Science and Engineering

July 26th -28th, 2017

Shanghai Jiao Tong University

## Call for Papers

The International Conference on **Aerospace System Science and Engineering (ICASSE 2017)** is an international conference series which focuses on system-level research and development regarding astronautics and aeronautics and its first edition will be held in Shanghai, China, organized by School of Aeronautics and Astronautics, Shanghai Jiao Tong University. It will be a forum that brings together experts in astronautics and aeronautics to share new ideas and findings. The topics of interest include, but not limited to:

- Dynamics and Flight Mechanics
- Vibration and Noise Control
- Aerospace Propulsion Theory and Engineering
- Avionics and Opto-Electronic Systems
- Guidance, Navigation and Control
- Micro-Electro-Mechanical Systems
- Data Fusion and Information Processing
- Space Robotics and Intelligent Systems
- Bionic micro-aircraft/spacecraft
- Deep space exploration
- Systems Analysis, Design, and Integration

### Important Dates:

Abstract submission	March 31, 2017
Decisions to authors	April 28, 2017
Paper submission	May 26, 2017
Early registration	June 2, 2017
On-site registration	July 25, 2017
Conference Date	July 26-28, 2017

### Submissions:

Submitted papers may not be accepted or under review elsewhere. Please visit conference web page <http://icasse.sjtu.edu.cn/> for more details.

Instructions to Authors: <http://icasse.sjtu.edu.cn/Data/List/Instructions%20to%20Authors>

Register and Upload Manuscript: <http://icasse.sjtu.edu.cn/Data/List/Call%20for%20Papers>

### Conference Venue:

JIANGUO Hotel , CAOXI North Road , SHANGHAI , CHINA.

### Program Committee Chair:

Ping LU (USA)

### Organizing Committee Chair:

Zhongliang JING (China)
